October 31,1925.

Dr. Richard Burton,
Englewood, N.J.

Dear Dr. Burton:

Thank you! Both for the order (which shall be filled as soon as the books come from the press - in about three weeks) and still more for the Good Wish.

This is realizing a dream of mine for a third of a century; and the advance subscriptions for this First Book are pouring in so fast (in these first ten days more than half the edition already subscribed) that I feel very sure I shall be able to bring out subsequent collections.

If I can save 50 or 60 of these Flowers of Our Lost Romance, and plant them in the consciousness of my countrymen, I shall feel I've not lived in vain.

I hope you are going to get out to see us this Winter - no one would be more welcome.

With all good wishes,

Always your Friend,

CFL/R
